To ASRS Employers

Included with this letter is the Schedule of Employer Allocations, as of and for the years ended June 30, 2015, the Schedule of Pension Amounts by Employer, as of and for the year ended June 30, 2015, and related notes to the schedules.

These schedules and related notes were prepared by the ASRS in conjunction with its actuary and audited by the ASRS' external auditor. Employers may use, but are not required by any authoritative body to use, these schedules in order to be in compliance with GASB Statement 68, Accounting and Financial Reporting for Pensions. Employers are responsible for the fair presentation of financial information presented in their financial statements in accordance with accounting principles generally accepted in the United States of America. Employers are free to calculate their proportionate share of pension amounts if they choose.

The ASRS is responsible for the preparation and fair presentation of these schedules and related notes in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

In addition to the schedules identified above, the ASRS has prepared a supplementary Schedule of Net Deferred Outflows and Inflows of Resources by Employer to be Recognized in Pension Expense (five years and in aggregate thereafter) and related note to the supplementary schedule. Additional information to help your stakeholders understand GASB 68 may be accessed via the ASRS website at www.azasrs.gov. Select the Employer tab located in the horizontal tool bar at the top of the page. From there, select the GASB Information page.

Respectfully,

Paul Matson, Executive Director

Independent Auditors' Report

The Honorable Douglas A. Ducey, Governor
State of Arizona and
Board of Trustees
Arizona State Retirement System

Report on Schedules

We have audited the accompanying schedule of employer allocations of the Arizona State Retirement System (ASRS), a component unit of the State of Arizona as of and for the year ended June 30, 2015, and the total for all entities of the columns titled beginning net pension liability, ending net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense as of and for the year ended June 30, 2015 (specified column totals), included in the accompanying schedule of pension amounts by employer of ASRS, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations as of and for the year ended June 30, 2015 and the total for all ASRS participating entities of the columns titled beginning net pension liability, ending net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total

An independent member of Nexia International

Independent Auditors' Report (Continued)

pension expense as of and for the year ended June 30, 2015, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of ASRS as of and for the year ended June 30, 2015, and our report thereon, dated November 13, 2015, expressed an unmodified opinion on those statements.

Restriction on Use

Our report is intended solely for the information and use of ASRS, the Board of Trustees, ASRS employers as of and for the year ended June 30, 2015 and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Other Matters

Other Information

Our audits were conducted for the purpose of forming an opinion on the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer. The schedule of net deferred outflows and inflows of resources by employer to be recognized in pension expense and the related notes, as listed in the table of contents, is presented for purposes of additional analysis and are not a required part of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer.

The schedule of net deferred outflows and inflows of resources by employer to be recognized in pension expense and related note, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the schedules of employer allocations and specified column totals included in the schedule of pension amounts by employer and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the schedules of employer allocations and specified column totals included in the schedule of pension amounts by employer or to the schedules of employer allocations and specified column totals included in the schedule of pension amounts by employer themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of net deferred outflows and inflows of resources by employer to be recognized in pension expense and related note, as listed in the table of contents, is fairly stated, in all material respects, in relation to the schedules of employer allocations and specified column totals included in the schedule of pension amounts by employer as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Audit Standards*, we have also issued our report dated January 7, 2016, on our consideration of ASRS' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ASRS' internal control over financial reporting.

Notes to the Schedules

As of and for the year ended June 30, 2015

1. Plan Description

Organization – The Arizona State Retirement System (ASRS) is a component unit of the State of Arizona. The ASRS is a cost-sharing, multiple-employer, pension plan established by the State of Arizona to provide pension benefits for employees of the State and employees of participating political subdivisions and school districts. The ASRS is administered in accordance with Title 38, Chapter 5, Article 2 of the Arizona Revised Statutes (A.R.S.). The Long Term Disability Program is administered in accordance with Title 38, Chapter 5, Article 2.1.

The ASRS is a qualified governmental pension plan pursuant to I.R.C. §414. The ASRS plan has two components, the Plan and the System (closed plan). The ASRS's accumulated plan assets are utilized to pay benefits to members of either component. The Plan is a defined benefit plan and the System is a defined contribution plan, with guaranteed benefits. These plans are administered through a trust. The System was established by the Arizona Legislature in 1953 to provide retirement and other benefits for state employees, teachers, and employees of political subdivisions that elected coverage. In 1943, the Legislature established the Arizona Teachers' Retirement System (the Teachers' System) to provide benefits for teachers. After the establishment of the ASRS, teachers who were, or later became, eligible through employment covered by the ASRS were transferred to the System. The Teachers' System then became inactive, except for continuation of retirement benefits already being paid and obligations to teacher members who did not become eligible for the ASRS.

The Plan, enacted by the Legislature in 1970, became effective July 1, 1971. Effective July 1, 1981, all non-retired members of the System became members of the Plan, as prescribed by Laws of 1980, Chapter 238.

A.R.S. §38-783 and A.R.S. §38-797 require separate accounts be established for health insurance premium benefits and long term disability benefits, respectively. Effective July 1, 1995, the ASRS established an account

for each benefit program and has reported those funds in the basic financial statements. Both the Health Benefit Supplement Fund (HBS) and the Long Term Disability Fund (LTD) are cost-sharing, multiple-employer post-employment benefit plans. Although the investments of the HBS Fund are commingled with investments of the Retirement Fund, the HBS Fund's assets may be utilized solely for the payment of HBS eligible member benefits. The LTD fund is administered through a trust separate from the trust related to the administration of the pension funds.

Plan Administration - The operations and administration of the ASRS is vested with the ASRS Board of Trustees, which is comprised of nine members, whom are appointed by the Governor and confirmed by the Arizona Senate pursuant to A.R.S. §38-211. The Board of Trustees is responsible for establishing and maintaining the funding policy. The composition of the ASRS Board, their qualifications and term are defined in A.R.S. §38-713. Five of the trustees must be ASRS members each representing one of the following member groups; an educator, an employee of a political subdivision, a retired member, an employee of the State and an at large member who may represent any ASRS member group. Each trustee representing an ASRS member group must have no less than five years of administrative management experience. Additionally, four trustees, who are not ASRS members are appointed to represent the public. Four trustees of the ASRS Board must have a minimum of 10 years of investment experience. There is no limit on the number of terms an ASRS Board trustee may serve.

Reporting Entity – The ASRS is considered a component unit of the State of Arizona reporting entity and is included in the State's financial reports as a pension trust fund.

Benefits – The ASRS provides benefits under formulas and provisions described in Arizona State law. Benefits and administrative expenses are paid from funds contributed by members and employers and from earnings on investments. The ASRS provides for retirement, disability, health insurance premium supplemental benefits and survivor benefits.

Notes to the Schedules (Continued)

As of and for the year ended June 30, 2015

Retirement benefits are calculated on the basis of age, total credited service and average monthly compensation, which is established on a fiscal year basis (July 1 to June 30).

Members with an initial membership date before July 1, 2011, are eligible for full retirement benefits upon the earliest of attaining:

- Age 65;
- Age 62 with 10 years of credited service;
- Age plus credited service equaling 80 or more

Members with initial membership dates on or after July 1, 2011, are eligible for full retirement benefits upon the earliest of attaining:

- Age 65;
- Age 62 with 10 years of credited service;
- Age 60 with 25 years of credited service;
- Age 55 with 30 years of credited service

Average monthly compensation is determined by a 60-month or 36-month calculation depending on when a member began contributing to the ASRS, as follows:

The 60-month calculation is an option for members who began contributing to the ASRS before January 1, 1984. To determine a member's benefit using this formula, the ASRS averages the highest 60 consecutive months of salary within the last 120 months of service. This calculation includes base salary, additional contracts, overtime and any other form of eligible compensation. Termination payments may include sick pay (except for state and county employees), vacation pay, compensation time pay, retirement incentive pay (excludes payments made after retirement begins, such as VIP or ESP), or any other payments paid at the time of retirement. The average monthly compensation for members who began contributing before January 1, 1984 is automatically based on whichever calculation provides the greater benefit.

The 36-month calculation is required for members who began contributing to the ASRS on or after January 1, 1984. To determine a member's benefit using this formula, the ASRS averages the highest 36 consecutive months of salary within the last 120 months of service.

This calculation excludes any termination payments the member received upon retirement.

For members who began contributing to the ASRS on or after July 1, 2011, the average monthly compensation used in a retiring member's retirement benefit calculation is the average of the highest consecutive 60 months in the last 120 months. Unlike the pre-1984 60 month calculation, the 60 month calculation enacted in 2011 does not include termination pay such as sick leave, annual leave etc.

The graded multiplier is a percentage set by Arizona State statute. It is the percentage of the average monthly compensation members will receive for each year of credited service they have accrued at retirement. This percentage is based on their total years of service at retirement based on the following graded multiplier schedule:

Years of Service	Multiplier
0.00-19.99 years	2.10%
20.00-24.99 years	2.15%
25.00-29.99 years	2.20%
30.00 or more years	2.30%

Permanent Benefit Increase (PBI) – Retired members who have been retired one year and members receiving LTD benefits are eligible for a benefit increase adjustment up to a maximum of 4%.

For each complete five-year period the member has been retired, an incremental benefit is paid if monies to pay the benefit are available. This benefit is funded by an interest credit of 8% of the reserve for future PBIs.

The PBI is paid from a reserve of excess investment earnings. Funds are reserved when total actuarial investment returns for each fiscal year are 8% or greater. If there are no excess investment earnings in the reserve, then no additional benefit increase is paid. As of June 30, 2015, there is a zero balance in the reserve for future PBIs.

Retired members with at least 10 years of service who have been retired five or more years are eligible for an enhanced permanent benefit increase (EPBI).

Notes to the Schedules (Continued)

As of and for the year ended June 30, 2015

Due to legislation enacted in the 2013 legislative session, PBIs and EPBIs will not be awarded to members hired after September 13, 2013.

For a more detailed summary of benefits, refer to the Summary of Plan Provisions in the Actuarial Section of the ASRS' June 30, 2015 Comprehensive Annual Financial Report (CAFR).

Contributions – Per Arizona Revised Statutes, contribution requirements for active plan members and their participating employers are established and may be amended by the ASRS Board. Contribution rates are actuarially determined and are expected to finance the costs of benefits earned by plan members during the year and any unfunded accrued liability. Cost of administering the plan is financed through employer contributions, member contributions and investment earnings.

Employers are also required to pay an Alternate Contribution Rate (ACR), for retired members who return to work. ACR contributions totaling \$26.4 million were received in FY15 and are included in Employer Contributions on the Statement of Changes in Fiduciary Net Position, in the June 30, 2015 CAFR.

Employers' contractually required contribution rates as a percentage of covered payroll and the employees' matching contributions were as follows for fiscal year 2015:

Contribution Rates	Employer	Member
Retirement	10.89%	11.48%
Health benefit supplement	0.59%	0.00%
Long term disability	0.12%	0.12%
Total required	11.60%	11.60%
ACR Retirement	9.31%	0.00%
ACR Health benefit supplement	0.20%	0.00%
ACR Long term disability	0.06%	0.00%
Total ACR required	9.57%	0.00%

State statutes allow the purchase of eligible service credit for which no benefit can be paid by another qualified plan. Purchasable services include leave of absence, military service, other public service employment and previously

forfeited service under the ASRS. Statutes also allow purchase of military service regardless of whether a benefit may be paid.

Termination of Employment – Upon termination of employment, members may elect to receive their contributions made to the Plan, plus accrued interest.

Members with an initial membership date before July 1, 2011, may receive a percentage of employer contributions to the plan based on years of service as follows:

Years of Service	Vesting
5 to 5.9	25%
6 to 6.9	40%
7 to 7.9	55%
8 to 8.9	70%
9 to 9.9	85%
10 or more	100%

Members with an initial membership date on or after July 1, 2011 will not receive any portion of the employer contributions if they withdraw their account balance prior to retirement. This does not apply to terminations due to an employer reduction in force or position elimination, in which case the above ASRS vesting schedule will apply.

Withdrawal of accumulated contributions results in forfeiture of the member's accrued benefits in the Plan; however, state law provides for reinstatement of a member's forfeited service upon repayment of the accumulated contributions, plus interest if a former member returns to covered service.

2. Condensed Summary of Significant Accounting Policies

Basis of Accounting – Employers participating in the ASRS cost-sharing multiple-employer defined benefit plans are required to report pension information in their financial statements, for fiscal periods beginning on or after June 15, 2014, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions. The Schedule of Employer Allocations and Schedule of

Notes to the Schedules (Continued)
As of and for the year ended June 30, 2015

Pension Amounts by Employer (pension allocation schedules) provide employers with the required information for financial reporting.

Financial Information – The underlying financial information used to prepare the pension allocation schedules is based on the ASRS financial statements. The ASRS financial statements are prepared using the accrual basis of accounting and are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) that apply to governmental accounting for fiduciary funds.

Employer Contributions – Contributions are recognized as revenues when due, pursuant to statutory and contractual requirements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

For a complete description of significant accounting policies, please refer to the ASRS' June 30, 2015 CAFR

3. Net Pension Liability of Employers

The components of the net pension liability of the participating employers at June 30, 2015 (in thousands), was as follows:

Net Pension Liability of Employers	
Total pension liability	\$ 49,222,084,099
Retirement fiduciary net position	(33,645,645,612)
Employers' net pension liability	<u>\$ 15,576,438,487</u>

Actuarial Assumptions – The total pension liability was determined by an actuarial valuation as of June 30, 2014,

and rolled forward using generally accepted actuarial procedures to June 30, 2015:

Actuarial Assumptions - Retirement Plan	
Actuarial valuation date	June 30, 2014
Actuarial roll forward date	June 30, 2015
Actuarial cost method	Entry age normal
Amortization Method:	
Plan amendments	Immediate
Investment gain/loss	5 years
Assumption gain/loss	Avg future serv lives
Experience gain/loss	Avg future serv lives
Asset valuation	Fair value
Discount rate	8%
Projected salary increases	3 - 6.75%
Inflation	3%
Permanent benefit increase	Included
Mortality rates	1994 GAM Scale BB

The above actuarial assumptions pertain to assumptions utilized for financial reporting requirements and differ from the assumptions utilized for funding purposes. The principal differences between the actuarial assumptions for financial reporting purposes and those utilized for funding purposes are the actuarial cost methodology, amortization methodology, valuation of the plan assets and the inclusion of the permanent benefit increase. The actuarial assumptions related to funding appear in the Actuarial Section of the June 30, 2015 CAFR. The actuarial assumptions related to funding were selected on the basis of an experience study which was performed for the five-year period ending June 30, 2012. The ASRS Board adopted the experience study which recommended changes and those changes were effective as of the June 30, 2013 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Notes to the Schedules (Continued)

As of and for the year ended June 30, 2015

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation, as of June 30, 2015 (see the Asset Allocation Targets chart in the Investment Section of the CAFR), are summarized in the following table:

Asset Class	Expected Return Arithmetic Basis		
	Target Asset Allocation	Real Return Arithmetic Basis	Long-term Expected Portfolio Real Rate of Return
Equity	58%	6.79%	3.94%
Fixed income	25%	3.70%	0.93%
Commodities	2%	3.93%	0.08%
Real estate	10%	4.25%	0.42%
Multi-asset class	5%	3.41%	0.17%
Total	100%		5.54%
Inflation			3.25%
Expected arithmetic nominal return			8.79%

Actual returns may be lower due to volatility of returns. The long-term expected rate of return of 8.79% differs from the 8% utilized to discount the net pension liability. The details regarding the discount rate follows.

Discount rate – The discount rate used to measure the total pension liability was 8%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate – The table below presents the net pension liability of the participating employers calculated using the discount rate of 8%, as well as what the employers' net pension liability would be if it were calculated using the discount rate that is 1.00% lower (7.00%) or 1.00% higher

(9.00%) than the current rate at June 30, 2015 (in thousands):

1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
\$ 20,410,457	\$ 15,576,438	\$ 12,263,551

4. Basis for Allocation

The employer's proportionate share, reported in the Schedule of Employer Allocations, is calculated using accrued retirement contributions for employers that were members of the ASRS, as of June 30, 2015. Accrued contributions for employers who entered the ASRS mid-year have been annualized. Adjustments have been made for employer contributions received that do not reflect an employer's projected long-term contribution effort. As a result, the total employer contribution amounts reported in the Schedules of Employer Allocations do not agree with the total employer contribution amounts reported on the ASRS' June 30, 2015 Statement of Changes in Fiduciary Net Position (included in the ASRS' separately issued financial statements).

Reconciliation of Employer

Contributions (in thousands)	
Employer contributions reported in the ASRS' Statement of Changes in Fiduciary Net Position of the CAFR	\$ 1,004,747
Adjust to properly represent contributions related to future contribution efforts	(208)
Deduct ASRS contributions not included in allocation	(1,480)
Deduct contributions of employers dissolved in plan year	(83)
Add annualized contributions for employers joining the Plan during the plan year	55
Total employer contributions used as the basis for allocating employer's proportionate share of collective pension amounts	<u>\$ 1,003,031</u>

The difference in contributions, as reported on the June 30, 2015 Schedule of Employer Allocations, and the total employer contributions as reported on the ASRS' June 30, 2015 Statement of Changes in Fiduciary Net Position, is a difference between employer contributions and proportionate share of contributions, which is allocated

proportionately to employers, based on the calculated allocation percentage. That amount is deferred and recognized over the average of the expected remaining service lives of active and inactive members.

5. Additional Financial and Actuarial Information

Additional financial information required to be disclosed by employers, in accordance with GASB 68, is located in the notes and required supplementary information of the ASRS' CAFR for the fiscal year ended June 30, 2015. The additional financial and actuarial information is available at www.azasrs.gov. Requests for additional information should be addressed to ASRS Financial Services Division, 3300 North Central Avenue, Phoenix, AZ 85012.

The accompanying note is an integral part of this schedule.

Note to the Supplementary Schedule **As of and for the year ended June 30, 2015**

1. Recognition Periods

The recognition period of the changes in proportion and differences between employer contributions and proportionate share of contributions, as well as the difference between expected and actual experience are recognized over the average expected remaining service lives of active and inactive members. As of June 30, 2015 and 2014, the average expected remaining service lives of active and inactive members were 3.2 years and 3.3 years, respectively. The difference between projected and actual investment earnings is recognized over 5 years.
