6. An agency’s justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:
   The ASRS needs to amend its rules relating to Overpayments. The ASRS is required to correct any errors resulting in a member receiving more than the benefits they are eligible to receive pursuant to statute. In particular, the ASRS needs to amend its overpayments rules to clarify how the ASRS may correct an overpayment error related to a health insurance premium benefit and Long-term Disability (LTD) benefits. The ASRS also needs to make additional clarifying changes to ensure its rules are consistent regarding overpayment requirements. These rules will increase understandability of how the ASRS may recover an overpayment.

7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
   No study was reviewed.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
   Not applicable

9. A summary of the economic, small business, and consumer impact:
   The ASRS promulgates rules that allow the agency to provide for the proper administration of the state retirement trust fund. ASRS rules affect ASRS members and ASRS employers regarding how they contribute to, and receive benefits from, the ASRS. The ASRS effectively administers how public-sector employers and employees participate in the ASRS. As such, the ASRS does not issue permits or licenses, or charge fees, and its rules have little to no economic impact on private-sector businesses, with the
exception of some employer partner charter schools, which have voluntarily contracted to join the ASRS. Thus, there is little to no economic, small business, or consumer impact, other than the minimal cost to the ASRS to prepare the rule package. The rule will have minimal economic impact, if any, because it merely clarifies in further detail how the ASRS may recover an overpayment.

10. A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking:

None

11. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:

The ASRS received no written comments regarding the rulemaking. No one attended the oral proceeding on December 20, 2021.

12. All agencies shall list any other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

None

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

The rules do not require a permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

There are no federal laws applicable to these rules.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitive-ness of business in this state to the impact on business in other states:

No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:

No materials are incorporated by reference.

14. Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:

Not applicable

15. The full text of the rules follows:
