

## Arizona State Retirement System

*For more than a half-century, the Arizona State Retirement System (ASRS) has provided retirement, health insurance and long term disability benefits to employees of the state, counties, municipalities, universities, community colleges, school districts and other political entities. We are a top performing benefit plan administrator with a solid reputation and sustainable plan design. Our organizational culture is based on the following principles; **Professionalism, Results, Improvement, Diversity and Excellence**. We believe in delivering service with **PRIDE**. Check out our webpage, [www.azasrs.gov](http://www.azasrs.gov), to learn more about the ASRS.*

### Software Engineer (Java)

Location: Phoenix

Compensation: Up to \$85,000 + **Benefits**

#### **JOB SUMMARY:**

We want experienced and talented **Software Engineers** who are excited to work at the ASRS and will be enthusiastic about writing high quality, well tested, maintainable code. You will be a significant contributor to one of our **Agile Scrum** teams and to the ASRS. Our teams solve complex and broad business problems that will keep you challenged and engaged. We provide a stable work environment and an atmosphere that fosters a healthy work-life balance.

As an ASRS Software Engineer you will contribute to large intranet and Internet multi-tier web applications. Over time, your skills will improve and remain current because our systems depend upon current versions of the following popular frameworks and technologies: **AngularJS, JQuery, Bootstrap, Java 7, Groovy, Selenium, Apache Tomcat, the Spring Framework** and **Oracle** databases. Your Scrum team will consist of 5-7 members, led by ASRS business and technology leaders. And an experienced Technical Lead will work with you to ensure your growth and your team's success.

#### **WORK HISTORY REQUIREMENTS:**

- Minimum of five years working experience in Information Technology
- Minimum of three years developing Java web applications or web services
- Familiar with all facets of the software development lifecycle; preferably with Agile Scrum
- Experience in systems analysis, application design, quality assurance, and the coordination of multiple enterprise systems to achieve overall system functionality is desirable
- Applied knowledge of version control, configuration management, and continuous integration is desirable

#### **EDUCATIONAL REQUIREMENTS:**

- Bachelor's degree is highly desired; preferably in Software Development or Information Technology
- Participation in continued education will be considered a plus

#### **BENEFITS:**

The State of Arizona offers a comprehensive benefits package, including medical, dental, vision, wellness, life insurance for employees and dependents, short and long-term disability, and flexible spending accounts. Another benefit to working for the ASRS is the excellent retirement program provided to our employees. We are located in midtown Phoenix, within walking distance from the Light Rail. We also provide free covered parking. Please visit [http://www.hr.az.gov/Public\\_Applicant/PA\\_Total\\_Compensation.asp](http://www.hr.az.gov/Public_Applicant/PA_Total_Compensation.asp) to learn more about benefits offered to our employees.

#### **HOW TO APPLY:**

Apply online at [www.azstatejobs.gov](http://www.azstatejobs.gov), **Job ID 13294**, or email resumes to [jobs@azasrs.gov](mailto:jobs@azasrs.gov). Please use

“Software Engineer” in the subject line of the email.
